Microscopic view of wood grain for G43(5), showing a dark brown color with a diagonal grain pattern.	Microscopic view of wood grain for G45(5), showing a dark brown color with a diagonal grain pattern.	Microscopic view of wood grain for G48(5), showing a dark brown color with a diagonal grain pattern.	Microscopic view of wood grain for G03(5), showing a light brown color with a vertical grain pattern.	Microscopic view of wood grain for G40(5), showing a blue color with a diagonal grain pattern.
Microscopic view of wood grain for G42(5), showing a dark brown color with a diagonal grain pattern.	Microscopic view of wood grain for G61(5), showing a dark brown color with a diagonal grain pattern.	Microscopic view of wood grain for G21(5), showing a light green color with a vertical grain pattern.	Microscopic view of wood grain for GA23(5), showing a light green color with a vertical grain pattern.	Microscopic view of wood grain for GA67(5), showing a teal color with a vertical grain pattern.
Microscopic view of wood grain for GA29(5), showing a light brown color with a vertical grain pattern.	Microscopic view of wood grain for GA02(5), showing a light brown color with a vertical grain pattern.	Microscopic view of wood grain for GA03(5), showing a light brown color with a vertical grain pattern.	Microscopic view of wood grain for G28(5), showing a green color with a diagonal grain pattern.	Microscopic view of wood grain for G26(5), showing a green color with a diagonal grain pattern.
Microscopic view of wood grain for G24(5), showing a green color with a diagonal grain pattern.
